

## **Systems Change to Increase Access to Chronic Disease Services**

### **RFA 18-008 Question and Answer**

**Question 1:** “Does this FRP support Community Based partnerships; a community based system meeting people where they are, bridging the gaps through missed opportunities and creating community ownership which enhance Chronic Disease Service in undeserved communities, rural and minority populations?”

**Department Response to Question 1:** Yes, applications supporting community based partnerships are eligible for support under this RFA.

**Question 2:** “Do we meet the eligibility criteria for this funding to strengthen our community based model in Marion County Florida which can be adopted and upscale to through all our statewide partnership?”

**Department Response to Question 2:** Applications which scale up a local model to regional or statewide model are eligible for support under this RFA.
